

Paediatric Canadian Access Targets for Surgery (P-CATS)

*Wait 1 is defined as the time from referral to a specialist to the initial specialist consultation.

**Wait 2 is defined as the time between the date on which a decision is made to proceed with surgery and the surgery date.

P-CATS Priority Classification Table

Priority Classification Level	Target Time for Surgery
Priority I	Within 24 hours
Priority IIa	Within 1 week
Priority IIb	Within 3 weeks
Priority III	Within 6 weeks
Priority IV	Within 3 months
Priority V	Within 6 months
Priority VI	Within 12 months

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
Cardiovascular Surgery	Cardiovascular		Aortic Aneurysm - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Aortic Aneurysm - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Aneurysm - Sinus of Valsalva - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Aneurysm - Sinus of Valsalva - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Aortic insufficiency - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Aortic insufficiency - Chronic		V
Cardiovascular Surgery	Cardiovascular		Aortic stenosis - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Aortic stenosis - Chronic		III
Cardiovascular Surgery	Cardiovascular		Aorto-Pulm Collaterals		V
Cardiovascular Surgery	Cardiovascular		A-P Window - Acute		IIa
Cardiovascular Surgery	Cardiovascular		A-P Window - Chronic		III
Cardiovascular Surgery	Cardiovascular		Arrhythmia - Heart Block - Acute		I
Cardiovascular Surgery	Cardiovascular		Arrhythmia - Heart Block - Chronic		IIb
Cardiovascular Surgery	Cardiovascular		AVSD/Partial		V
Cardiovascular Surgery	Cardiovascular		ASD Secundum		VI
Cardiovascular Surgery	Cardiovascular		ASD Sinous Venous		VI
Cardiovascular Surgery	Cardiovascular		Common Atrium Defect		V
Cardiovascular Surgery	Cardiovascular		AVSD/Complete - Acute		IIa
Cardiovascular Surgery	Cardiovascular		AVSD/Complete - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Sinus node dysfunction		IIb
Cardiovascular Surgery	Cardiovascular		Cardiac Trauma		I
Cardiovascular Surgery	Cardiovascular	Cancer	Cardiac tumour		IIa
Cardiovascular Surgery	Cardiovascular		Cardiomyopathy - Hypertrophic - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Cardiomyopathy - Hypertrophic - Chronic		V
Cardiovascular Surgery	Cardiovascular		Cardiomyopathy		IIa
Cardiovascular Surgery	Cardiovascular		Chest Wall Deformities		VI
Cardiovascular Surgery	Cardiovascular		Coarctation - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Coarctation - Chronic		V
Cardiovascular Surgery	Cardiovascular		ALCAPA - Acute		IIa
Cardiovascular Surgery	Cardiovascular		ALCAPA - Chronic		III
Cardiovascular Surgery	Cardiovascular		Cortriatriatum - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Cortriatriatum - Chronic		V
Cardiovascular Surgery	Cardiovascular		DORV - Acute		IIa
Cardiovascular Surgery	Cardiovascular		DORV - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Ebstein's Anomaly - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Ebstein's Anomaly - Chronic		V
Cardiovascular Surgery	Cardiovascular		Endocarditis		IIa
Cardiovascular Surgery	Cardiovascular		Foreign Body in Heart		I

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
Cardiovascular Surgery	Cardiovascular		Hypoplastic left heart complex		IIa
Cardiovascular Surgery	Cardiovascular		Hypoplastic aortic arch - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Hypoplastic aortic arch - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Interrupted Aortic Arch		IIa
Cardiovascular Surgery	Cardiovascular		Long QT Syndrome		III
Cardiovascular Surgery	Cardiovascular		LVOT Stenosis/Fibromuscular		IV
Cardiovascular Surgery	Cardiovascular		Mitral insufficiency		IV
Cardiovascular Surgery	Cardiovascular		Mitral stenosis - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Mitral stenosis - Chronic		V
Cardiovascular Surgery	Cardiovascular		Myocarditis		IIa
Cardiovascular Surgery	Cardiovascular		Pacemaker - EOL		IIb
Cardiovascular Surgery	Cardiovascular		Pacemaker lead revision - Acute		I
Cardiovascular Surgery	Cardiovascular		Pacemaker lead revision - Chronic		III
Cardiovascular Surgery	Cardiovascular		P.A. Hypoplasia - Acute		IIa
Cardiovascular Surgery	Cardiovascular		P.A. Hypoplasia - Chronic		IV
Cardiovascular Surgery	Cardiovascular		PAPVD		VI
Cardiovascular Surgery	Cardiovascular		Patent Ductus Arteriosus - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Patent Ductus Arteriosus - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Pericarditis		IIa
Cardiovascular Surgery	Cardiovascular		Prosthetic valve/conduit failure - Acute		I
Cardiovascular Surgery	Cardiovascular		Prosthetic valve/conduit failure - Chronic		V
Cardiovascular Surgery	Cardiovascular		Pulm. Atresia / IVS		IIa
Cardiovascular Surgery	Cardiovascular		Pulm. Atresia / VSD		IIa
Cardiovascular Surgery	Cardiovascular		Pulmonary Embolism		I
Cardiovascular Surgery	Cardiovascular		Pulmonary insufficiency		IV
Cardiovascular Surgery	Cardiovascular		Pulmonary valve stenosis - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Pulmonary valve stenosis - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Respiratory Failure		I
Cardiovascular Surgery	Cardiovascular		Supravalve Aortic Stenosis - Acute		III
Cardiovascular Surgery	Cardiovascular		Supravalve Aortic Stenosis - Chronic		V
Cardiovascular Surgery	Cardiovascular		Tamponade/LOS/arrest/open sternum		I
Cardiovascular Surgery	Cardiovascular		TAPVD - Acute		IIa
Cardiovascular Surgery	Cardiovascular		TAPVD - Chronic		III
Cardiovascular Surgery	Cardiovascular		Tetralogy of Fallot - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Tetralogy of Fallot - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Transposition - Isolated		IIb
Cardiovascular Surgery	Cardiovascular		Transposition - VSD		IIb
Cardiovascular Surgery	Cardiovascular		Transposition - VSD, PS - Acute		IIb
Cardiovascular Surgery	Cardiovascular		Transposition - VSD, PS - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Transposition(L) - Corrected(AVD) - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Transposition(L) - Corrected(AVD) - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Tricuspid insufficiency		IV
Cardiovascular Surgery	Cardiovascular		Truncus Arteriosus - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Truncus Arteriosus - Chronic		III
Cardiovascular Surgery	Cardiovascular		Univentricular Heart - Acute		IIa
Cardiovascular Surgery	Cardiovascular		Univentricular Heart - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Vascular Ring - Acute		IIb
Cardiovascular Surgery	Cardiovascular		Vascular Ring - Chronic		V
Cardiovascular Surgery	Cardiovascular		VSD - Acute		IIb
Cardiovascular Surgery	Cardiovascular		VSD - Chronic		IV
Cardiovascular Surgery	Cardiovascular		Ventricular muscle bundles		IV
Cardiovascular Surgery	Other		Other - I	I	I
Cardiovascular Surgery	Other		Other - IIa	IIa	IIa
Cardiovascular Surgery	Other		Other - IIb	IIb	IIb
Cardiovascular Surgery	Other		Other - III	III	III

Cardiovascular Surgery	Other	Cancer	Other Cancer - VI	VI	VI
Dentistry	Dental Caries		Dental Caries - low risk medical status	IV	IV
Dentistry	Dental Caries		Dental Caries - moderate risk medical status	III	IV
Dentistry	Dental Caries		Dental Caries - high risk medical status	III	IV
Dentistry	Dental Caries		Advanced Dental Caries: visible carious lesions and/or pain - low risk medical status	III	IV
Dentistry	Dental Caries		Advanced Dental Caries: visible carious lesions and/or pain - moderate risk medical status	IIb	III
Dentistry	Dental Caries		Advanced Dental Caries: visible carious lesions and/or pain - high risk medical status	IIa	IIa
Dentistry	Dental Disorders		Dental Impaction (Asymptomatic)	IV	V
Dentistry	Dental Disorders		Retained Primary Teeth	III	IV
Dentistry	Dental Disorders		Dental Hypoplasia	III	IV
Dentistry	Dental Disorders		Dentoalveolar Deficiency (Crowding)	IV	V
Dentistry	Dental Disorders		Dental Disorder - Other	III	IV
Dentistry	Dental Disorders		Oligodontia	III	V
Dentistry	Dental Disorders		Pericoronitis (impacted molar) - low risk medical status	IIa	III
Dentistry	Dental Disorders		Pericoronitis (impacted molar) - moderate risk medical status	IIa	III
Dentistry	Dental Disorders		Pericoronitis (impacted molar) - high risk medical status	IIa	IIa
Dentistry	Gingivitis		Gingival Hyperplasia	IV	V
Dentistry	Gingivitis		Periodontal Disorder (Non-Specific)	IV	V
Dentistry	Abscess and Related Complications		Infection (hard and/or soft tissue) - low risk medical status	I	III
Dentistry	Abscess and Related Complications		Infection (hard and/or soft tissue) - moderate risk medical status	I	IIb
Dentistry	Abscess and Related Complications		Infection (hard and/or soft tissue) - high risk medical status	I	IIa
Dentistry	Abscess and Related Complications		Dental Abscess/Pulp Necrosis - low risk medical status	IIb	III
Dentistry	Abscess and Related Complications		Dental Abscess/Pulp Necrosis - moderate risk medical status	IIa	III
Dentistry	Abscess and Related Complications		Dental Abscess/Pulp Necrosis - high risk medical status	I	IIa
Dentistry	Abscess and Related Complications		Ludwig's Angina	I	I
Dentistry	Abscess and Related Complications		Osteomyelitis - low risk medical status	IIa	IIa
Dentistry	Abscess and Related Complications		Osteomyelitis - moderate risk medical status	I	IIa
Dentistry	Abscess and Related Complications		Osteomyelitis - high risk medical status	I	I
Dentistry	Abscess and Related Complications		Unilateral Facial Cellulitis	I	I
Dentistry	Craniofacial		Alveolar cleft	III	III
Dentistry	Temporomandibular Joint		Jaw Subluxation/Dislocation	I	I
Dentistry	Trauma		Severe Oral/Dental Trauma	I	I
Dentistry	Salivary Gland Disorders		Mucocele of salivary gland		IV
Dentistry	Salivary Gland Disorders		Sialolithiasis	IIb	III
Dentistry	Other		Examination Under Anaesthesia - Comorbidity and/or discomfort producing antisocial behaviour	IIa	III
Dentistry	Other		Examination Under Anaesthesia - Unable to examine	IV	V

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
Dentistry	Other		Suspected Benign Lesions (hard and/or soft tissue)	IIb	III
Dentistry	Other	Cancer	Suspected Malignant Lesions (hard and/or soft tissue)	I	IIa
Dentistry	Other		Ankyloglossia	IV	V
Dentistry	Other		Other - I	I	I
Dentistry	Other		Other - IIa	IIa	IIa
Dentistry	Other		Other - IIb	IIb	IIb
Dentistry	Other		Other - III	III	III
Dentistry	Other		Other - IV	IV	IV
Dentistry	Other		Other - V	V	V
Dentistry	Other		Other - VI	VI	VI
Dentistry	Other	Cancer	Other Cancer - I	I	I
Dentistry	Other	Cancer	Other Cancer - IIa	IIa	IIa
Dentistry	Other	Cancer	Other Cancer - IIb	IIb	IIb
Dentistry	Other	Cancer	Other Cancer - III	III	III
Dentistry	Other	Cancer	Other Cancer - IV	IV	IV
Dentistry	Other	Cancer	Other Cancer - V	V	V
Dentistry	Other	Cancer	Other Cancer - VI	VI	VI
General Surgery	Oro-pharynx		Ankyloglossia	IV	V
General Surgery	Oro-pharynx		Ankyloglossia - with breastfeeding issues	IIa	IIa
General Surgery	Oro-pharynx		Mucocele/Ranula	V	IV
General Surgery	Esophagus		Achalasia	III	III
General Surgery	Esophagus		Foreign body (esophagus)	I	I
General Surgery	Esophagus		Neonatal congenital esophageal anomalies	I	IIa
General Surgery	Esophagus		Reflux with esophageal stricture	IIa	IIb
General Surgery	Esophagus		Reflux without esophageal stricture	IIb	III
General Surgery	Esophagus		Corosive Injury to esophagus	IIa	IIb
General Surgery	Neck Mass		Neck mass - No suspicion of cancer (including Thyroglossal, Branchial Cleft etc.)	IV	IV
General Surgery	Neck Mass		Neck mass inflammatory - Acute (abscess)	I	I
General Surgery	Neck Mass		Neck mass inflammatory - Chronic (atypical mycobacterial)	IIb	III
General Surgery	Neck Mass	Cancer	Neck mass - Suspected Malignant	IIa	IIa
General Surgery	Neck mass-Neonatal		Cystic mass (lymphangioma) with obstruction	I	I
General Surgery	Neck mass-Neonatal		Cystic mass (lymphangioma) without obstruction	IIb	IIa
General Surgery	Neck mass-Neonatal	Cancer	Solid mass (teratoma)	I	IIa
General Surgery	Thoracic - Neonatal Conditions		Congenital airway obstruction	I	IIa
General Surgery	Thoracic - Neonatal Conditions		Congenital Diaphragmatic Hernia (CDH)	I	IIa
General Surgery	Thoracic - Neonatal Conditions		Congenital lung anomalies - Asymptomatic	IIb	V
General Surgery	Thoracic - Neonatal Conditions		Congenital lung anomalies - Symptomatic	I	IIa
General Surgery	Thoracic - Neonatal Conditions		Patent Ductal Anomalies (PDA)	I	IIa
General Surgery	Thoracic		Airway - Foreign body	I	I
General Surgery	Thoracic		Chest wall deformities	V	VI
General Surgery	Thoracic		Infections - empyemas/ lung abscesses	I	IIa
General Surgery	Thoracic		Mediastinal cystic mass - Asymptomatic	IIb	IV
General Surgery	Thoracic		Mediastinal cystic mass - Symptomatic	IIa	IIb
General Surgery	Thoracic		Non-resolved or recurrent pneumothorax	IIa	IIa
General Surgery	Thoracic		Diaphragmatic Abnormalities - Symptomatic	I	IIa
General Surgery	Thoracic		Diaphragmatic Abnormalities - Asymptomatic	III	IV
General Surgery	Thoracic		Patent Ductal Anomalies (Non-Neonatal)	IIa	III
General Surgery	Thoracic		Myasthenia gravis	IIb	III
General Surgery	Abdominal Wall		Gastroschisis	I	I
General Surgery	Abdominal Wall		Omphalocele	I	IIa

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
General Surgery	Abdominal Wall		Umbilical discharge	IIb	IIb
General Surgery	Abdominal Wall		Umbilical hernia	IV	VI
General Surgery	Abdominal Wall		Other abdominal wall hernias (Epigastric, Incisional, Ventral Hernia; Other)	IV	IV
General Surgery	Abdominal Wall		Cloacal exstrophy	I	IIa
General Surgery	Abdominal Wall		Inguinal hernia: Incarcerated, Non-Reducible	I	I
General Surgery	Abdominal Wall		Inguinal hernia: < 1 year non-incarcerated	IIa	IIb
General Surgery	Abdominal Wall		Inguinal hernia: > 1 year non-incarcerated	III	IV
General Surgery	Peritoneal Cavity		Renal Failure - Acute	I	I
General Surgery	Peritoneal Cavity		Renal Failure - Chronic	IIb	III
General Surgery	Biliary System: Spleen		Biliary atresia	IIa	IIa
General Surgery	Biliary System: Spleen		Choledochal cyst	IIa	IIb
General Surgery	Biliary System: Spleen		Gallbladder disease - symptomatic: Acute	I	IIa
General Surgery	Biliary System: Spleen		Gallbladder disease - symptomatic: Chronic	III	III
General Surgery	Biliary System: Spleen		Disease potentially requiring splenectomy	III	IV
General Surgery	Biliary System: Spleen		Disease potentially requiring urgent splenectomy (eg ITP with ICH)	I	IIa
General Surgery	Biliary System: Spleen		Pancreatic Disease (no malignant potential)	IIa	III
General Surgery	Biliary System: Spleen		Portal Hypertension - Acute	I	I
General Surgery	Biliary System: Spleen		Portal Hypertension - Non Acute	IIa	IIb
General Surgery	Stomach, Small Bowel, Large Bowel		Functional - Acute	I	IIa
General Surgery	Stomach, Small Bowel, Large Bowel		Functional - Chronic	III	IV
General Surgery	Stomach, Small Bowel, Large Bowel		Anatomical - Acute	I	IIa
General Surgery	Stomach, Small Bowel, Large Bowel		Anatomical - Chronic	III	IV
General Surgery	Stomach, Small Bowel, Large Bowel		Inflammatory - Acute	I	IIa
General Surgery	Stomach, Small Bowel, Large Bowel		Inflammatory - Chronic	III	IV
General Surgery	Stomach, Duodenum, Small Bowel		Need for enteral access	IIb	IIb
General Surgery	Large bowel		Requires access for antegrade enemas	IV	V
General Surgery	Stomach, Duodenum, Small Bowel		Upper GI Bleed, Perforation, Gastric volvulus - Acute	I	I
General Surgery	Stomach, Duodenum, Small Bowel		Gastric volvulus - Chronic	IIa	III
General Surgery	Stomach, Duodenum, Small Bowel		Intussusception	I	I
General Surgery	Stomach, Duodenum, Small Bowel		Necrotizing enterocolitis - Neonatal	I	I
General Surgery	Stomach, Duodenum, Small Bowel		Neonatal distal intestinal obstruction	I	IIa
General Surgery	Stomach, Duodenum, Small Bowel		Neonatal duodenal obstruction	I	IIa
General Surgery	Stomach, Duodenum, Small Bowel		Pyloric stenosis	I	I
General Surgery	Stomach, Duodenum, Small Bowel		Rotational anomalies - asymptomatic	IIa	IIb
General Surgery	Stomach, Duodenum, Small Bowel		Rotational anomalies - symptomatic	I	I
General Surgery	Colon, Rectum, Anus		Anorectal malformations with obstruction	I	IIa
General Surgery	Colon, Rectum, Anus		Anorectal malformations without obstruction	IIa	IIb
General Surgery	Colon, Rectum, Anus		Appendicitis - acute	I	I
General Surgery	Colon, Rectum, Anus		History of perforated appendicitis managed nonoperatively		IV
General Surgery	Colon, Rectum, Anus		Hirschsprung's Disease	I	IV
General Surgery	Colon, Rectum, Anus		Hirschsprung's Disease: Non-neonatal	III	IIb
General Surgery	Colon, Rectum, Anus		Perianal abscess/ fistula	IIa	III
General Surgery	Genitalia		Ovarian Pathology - Acute	I	I

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
General Surgery	Genitalia		Ovarian Pathology - Non-Acute	IIb	III
General Surgery	Genitalia		Acute scrotum - Testicular torsion & Infection	I	I
General Surgery	Genitalia		Cryptorchidism	V	VI
General Surgery	Genitalia		Paraphimosis	I	I
General Surgery	Genitalia		Phimosis - Pathological	IV	IV
General Surgery	Genitalia		Circumcision - Non medical	VI	VI
General Surgery	Solid Tumours		Suspected Benign - Asymptomatic	IIb	IV
General Surgery	Solid Tumours		Suspected Benign - Symptomatic	IIb	IIb
General Surgery	Solid Tumours	Cancer	Suspected Malignant	IIa	IIa
General Surgery	Tissue Biopsy	Cancer	Suspected Malignant	IIa	IIa
General Surgery	Tissue Biopsy		Suspected Benign	III	III
General Surgery	Breast Disease	Cancer	Suspected Malignant	IIa	IIa
General Surgery	Breast Disease		Suspected Benign	III	III
General Surgery	Other		Pilonidal disease - Acute	I	I
General Surgery	Other		Pilonidal disease - Chronic	III	IV
General Surgery	Other		Skin Lesions - Acute	I	I
General Surgery	Other		Skin Lesions - Chronic	III	IV
General Surgery	Other		Ingrown Toenails	IIb	IV
General Surgery	Other		Gastrocutaneous Fistula	IIb	IIb
General Surgery	Other		Vascular/Lymphatic Malformation - Symptomatic	I	IIa
General Surgery	Other		Vascular/Lymphatic Malformation - Asymptomatic	III	IV
General Surgery	Other		Acute Wound Management	I	I
General Surgery	Other		Need for venous access devices - Urgent		IIa
General Surgery	Other		Need for venous access devices - Non Urgent	IIb	III
General Surgery	Other		Vascular Access for Hemodialysis	I	IIa
General Surgery	Other		Morbid Obesity	IV	V
General Surgery	Other		Removal of hardware/venous acces devices/PEG - Urgent	I	I
General Surgery	Other		Removal of hardware/venous acces devices/PEG - Non Urgent	III	IV
General Surgery	Other		Other - I	I	I
General Surgery	Other		Other - IIa	IIa	IIa
General Surgery	Other		Other - IIb	IIb	IIb
General Surgery	Other		Other - III	III	III
General Surgery	Other		Other - IV	IV	IV
General Surgery	Other		Other - V	V	V
General Surgery	Other		Other - VI	VI	VI

General Surgery	Other	Cancer	Other Cancer - IIa	IIa	IIa
General Surgery	Other	Cancer	Other Cancer - IIb	IIb	IIb
General Surgery	Other	Cancer	Other Cancer - III	III	III
General Surgery	Other	Cancer	Other Cancer - IV	IV	IV
General Surgery	Other	Cancer	Other Cancer - V	V	V
General Surgery	Other	Cancer	Other Cancer - VI	VI	VI
Gynaecology	Adolescent Pregnancies		D&C for Incomplete Abortion: Hemodynamically Stable	I	I
Gynaecology	Adolescent Pregnancies		D&C for Missed Abortion: Hemodynamically Stable	IIa	IIa
Gynaecology	Adolescent Pregnancies		D&C for Molar Pregnancy	IIa	IIa
Gynaecology	Adolescent Pregnancies		Surgical treatment for ectopic pregnancies	I	I
Gynaecology	Genital Trauma		Genital injuries/Straddle injury	I	I
Gynaecology	Genital Trauma		Removal of Foreign Body (Vaginal)	IIa	IIa
Gynaecology	Gynaecological Congenital Anomalies		Non-Obstructive or Asymptomatic Obstructive Anomalies Longitudinal Vaginal Septums, Hymenal anomalies	IV	V
Gynaecology	Gynaecological Congenital Anomalies		Symptomatic Obstructive Anomalies	IIa	IIa
Gynaecology	Gynaecological Congenital Anomalies		Ambiguous genitalia	I	VI

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
Gynaecology	Gynaecological Congenital Anomalies		Other Mullerian Anomalies	IV	V
Gynaecology	Pelvic Pain		Laparoscopy for acute pelvic pain (non torsion)	IIa	IIa
Gynaecology	Pelvic Pain		Laparoscopy for chronic pelvic pain	IV	V
Gynaecology	Miscellaneous Procedures		Insertion of IUD (for menstrual suppression), Non Urgent Removal of IUD	IV	IV
Gynaecology	Ovaries		Gonadectomies: Other	IV	V
Gynaecology	Ovaries		Gonadectomies: Partial AIS	IIb	III
Gynaecology	Ovaries		Ovarian Cyst - Newborns: Symptomatic	IIa	IIa
Gynaecology	Ovaries		Ovarian Cyst - Newborns: Asymptomatic	IIa	III
Gynaecology	Ovaries		Ovarian Cyst - Non-newborn: Asymptomatic	III	IV
Gynaecology	Ovaries		Ovarian Cyst - Non-newborn: Symptomatic	IIb	IIb
Gynaecology	Ovaries		Ovarian Torsion/ Adnexal Torsion	I	I
Gynaecology	Solid Tumours		Suspected Benign - Asymptomatic	IIb	IV
Gynaecology	Solid Tumours		Suspected Benign - Symptomatic	IIb	IIb
Gynaecology	Solid Tumours	Cancer	Suspected Malignant	IIa	IIa
Gynaecology	Uterus, Vulva, Cervix, Vagina		Cautery of Warts	IIb	V
Gynaecology	Uterus, Vulva, Cervix, Vagina		EUA, Cystoscopy, Vaginoscopy - Other: non-infectious, non bleeding cause	IV	V
Gynaecology	Uterus, Vulva, Cervix, Vagina		EUA or vaginoscopy for infection	IIb	IIb
Gynaecology	Uterus, Vulva, Cervix, Vagina		Examination under anesthesia (EUA) or Vaginoscopy for vaginal bleeding	IIa	IIa
Gynaecology	Uterus, Vulva, Cervix, Vagina		Labial Revision	IV	VI
Gynaecology	Uterus, Vulva, Cervix, Vagina		Marsupialization Bartholin's abscess	I	I
Gynaecology	Uterus, Vulva, Cervix, Vagina		Vulvar Cysts	IV	V
Gynaecology	Uterus, Vulva, Cervix, Vagina		D&C for Menorrhagia: Heavy bleeding, unresponsive to medicaltherapy and hemodynamically unstable	I	I
Gynaecology	Uterus, Vulva, Cervix, Vagina		Labial Agglutination	IV	IV
Gynaecology	Other		Other - I	I	I
Gynaecology	Other		Other - IIa	IIa	IIa
Gynaecology	Other		Other - IIb	IIb	IIb
Gynaecology	Other		Other - III	III	III
Gynaecology	Other		Other - IV	IV	IV
Gynaecology	Other		Other - V	V	V
Gynaecology	Other		Other - VI	VI	VI
Gynaecology	Other	Cancer	Other Cancer - I	I	I
Gynaecology	Other	Cancer	Other Cancer - IIa	IIa	IIa
Gynaecology	Other	Cancer	Other Cancer - IIb	IIb	IIb
Gynaecology	Other	Cancer	Other Cancer - III	III	III
Gynaecology	Other	Cancer	Other Cancer - IV	IV	IV
Gynaecology	Other	Cancer	Other Cancer - V	V	V
Gynaecology	Other	Cancer	Other Cancer - VI	VI	VI
Neurosurgery	Brain Tumours	Cancer	Infratentorial: With pressure	I	IIa
Neurosurgery	Brain Tumours	Cancer	Infratentorial: Without Pressure	IIa	IIb
Neurosurgery	Brain Tumours	Cancer	Spinal Cord Tumour: With neurological deficit	I	IIa
Neurosurgery	Brain Tumours	Cancer	Spinal Cord Tumour: Without neurological deficit	IIb	IV
Neurosurgery	Brain Tumours	Cancer	Supratentorial: With pressure	I	IIa
Neurosurgery	Brain Tumours	Cancer	Supratentorial: Without Pressure	IIb	III
Neurosurgery	Cerebro-Spinal Fluid Build-up		Hydrocephalus: Acute	I	IIa
Neurosurgery	Cerebro-Spinal Fluid Build-up		Hydrocephalus: Chronic	III	IIb
Neurosurgery	Cerebro-Spinal Fluid Build-up		Syringohydromyelia (Syrinx)	IV	IV
Neurosurgery	Developmental Malformations: Brain Structures		Chiari Malformation Type 1	IV	IV
Neurosurgery	Developmental Malformations: Brain Structures		Chiari Malformation Type 2 - Symptomatic Major	IIa	IIa
Neurosurgery	Developmental Malformations: Brain Structures		Chiari Malformation Type 2 - Symptomatic Minor	IV	IV

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
Neurosurgery	Developmental Malformations: Brain Structures		Encephalocele - Closed Encephalocele	IV	IV
Neurosurgery	Developmental Malformations: Brain Structures		Encephalocele - Open Encephalocele	I	IIa
Neurosurgery	Developmental Malformations: Craniofacial		Craniosynostosis: Non-syndromic: < 6 months	III	III
Neurosurgery	Developmental Malformations: Craniofacial		Craniosynostosis: Non-syndromic: > 6 months	III	III
Neurosurgery	Developmental Malformations: Craniofacial		Craniosynostosis: Syndromic	III	III
Neurosurgery	Developmental Malformations: Craniofacial		Replacement of bone flap	IV	V
Neurosurgery	Developmental Malformations: Spine		Congenital Anomaly of the Spine - new or progressive neurological deficit	IIa	IIb
Neurosurgery	Developmental Malformations: Spine		Congenital Anomaly of the Spine - without neurological impairment	IV	IV
Neurosurgery	Developmental Malformations: Spine		Myelomeningocele	I	I
Neurosurgery	Developmental Malformations: Spine		Tethered Spinal Cord - new or progressive deficit	IIa	IIb
Neurosurgery	Developmental Malformations: Spine		Tethered Spinal Cord - asymptomatic/neurologically stable	IV	IV
Neurosurgery	Developmental Malformations: Vascular		Arteriovenous malformations: Ruptured Stable	I	III
Neurosurgery	Developmental Malformations: Vascular		Arteriovenous malformations: Ruptured Unstable	I	I
Neurosurgery	Developmental Malformations: Vascular		Arteriovenous malformations: Moyamoya	IIa	III
Neurosurgery	Developmental Malformations: Vascular		Arteriovenous malformations: Stable (present with seizures)	III	IV
Neurosurgery	Epilepsy and Spasticity		Epilepsy (comes from neurologist)	III	IV
Neurosurgery	Epilepsy and Spasticity		Spasticity	V	V
Neurosurgery	Epilepsy and Spasticity		Baclofen pump failure/Baclofen withdrawal	IIa	IIb
Neurosurgery	Intracranial Cyst & Abscess		Intracranial Abscess	I	I
Neurosurgery	Intracranial Cyst & Abscess		Intracranial Cyst: Acute	I	IIa
Neurosurgery	Intracranial Cyst & Abscess		Intracranial Cyst: Chronic	III	III
Neurosurgery	Skull Tumour		Asymptomatic/Indolent	IIb	IV
Neurosurgery	Skull Tumour		Erosive	IIb	IIb
Neurosurgery	Trauma		Head Injury	I	I
Neurosurgery	Trauma		Spine Injury	I	IIa
Neurosurgery	Other		Biopsy (Nerve & Muscle)	IV	V

Otolaryngology	Other	Cancer	Other Cancer - VI	VI	VI
Plastic Surgery	Burns		Burns: Acute - Admitted patients	I	IIa
Plastic Surgery	Burns		Burns: Acute - Ambulatory patients	IIa	IIb

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
Plastic Surgery	Burns		Secondary reconstruction: Functional concerns	III	III
Plastic Surgery	Burns		Secondary reconstruction: Social concerns	IV	IV
Plastic Surgery	Clefts		Cleft septorhinoplasty, Cleft lip/nose revisionary surgery	IV	IV
Plastic Surgery	Clefts		Cleft orthognathic surgery	V	III
Plastic Surgery	Clefts		Alveolar bone grafts	V	III
Plastic Surgery	Clefts		Cleft Lip/Palate	IIb	IIb
Plastic Surgery	Clefts		Speech Delay - Velopharyngeal insufficiency	III	III
Plastic Surgery	Clefts		Speech Delay - macroglossia	III	IIb
Plastic Surgery	Congenital Hand and Upper Extremity		Trigger finger/thumbs	III	IV
Plastic Surgery	Congenital Hand and Upper Extremity		Polydactyly Or Syndactyly	III	V
Plastic Surgery	Congenital Hand and Upper Extremity		Other Congenital Hands & Upper Extremity - Complex	IIb	V
Plastic Surgery	Congenital Hand and Upper Extremity		All other Congenital Hands & Upper Extremity	IV	V
Plastic Surgery	Congenital Hand and Upper Extremity		Brachial plexus palsy	III	IIb
Plastic Surgery	Craniofacial		Facial Palsy	IV	IV
Plastic Surgery	Craniofacial		Facial Cleft (complex)	IIa	IIa
Plastic Surgery	Craniofacial		Facial Cleft (other)	IIb	IIb
Plastic Surgery	Craniofacial		Dermoid (nasal, orbital, glabellar)	III	III
Plastic Surgery	Craniofacial		Airway issues: Pierre Robin	I	IIa
Plastic Surgery	Craniofacial		Airway issues: Treacher Collins, Micrognathia	I	IIa
Plastic Surgery	Craniofacial		Craniosynostosis: Sagital (single)	III	III
Plastic Surgery	Craniofacial		Craniosynostosis: Syndromic/Multiple	IIa	III
Plastic Surgery	Craniofacial		Orthognathic procedures	III	III
Plastic Surgery	Ear		Otoplasty	IV	V
Plastic Surgery	Ear		Microtia	IV	V
Plastic Surgery	Ear		Other congenital ear deformities: Major	IV	V
Plastic Surgery	Ear		Other congenital ear deformities: Minor	IV	V
Plastic Surgery	Miscellaneous		Prenatal diagnosis	IIa	
Plastic Surgery	Miscellaneous		Male & female breast deformity	IV	V
Plastic Surgery	Miscellaneous		Microsurgical reconstruction: Acute	IIa	IIa
Plastic Surgery	Miscellaneous		Microsurgical reconstruction: Non Acute	IV	IV
Plastic Surgery	Miscellaneous		Rhinoplasty	IV	V
Plastic Surgery	Miscellaneous		Symptomatic Hardware Removal	III	III
Plastic Surgery	Miscellaneous		Vascular anomalies with functional issues	IIa	IIa
Plastic Surgery	Miscellaneous		Vascular anomalies without functional issues	III	V
Plastic Surgery	Soft Tissue and Skin Conditions		Scar revision - functional	III	III
Plastic Surgery	Soft Tissue and Skin Conditions		Scar revision - psychological	IV	V
Plastic Surgery	Soft Tissue and Skin Conditions		Wound care - primary and/or delayed closure	IIa	IIb
Plastic Surgery	Soft Tissue and Skin Conditions		Foreign Body (subcutaneous)	IIb	IIb
Plastic Surgery	Soft Tissue and Skin Conditions		Benign lesions	IV	V
Plastic Surgery	Soft Tissue and Skin Conditions	Cancer	Malignant lesions	IIa	IIa
Plastic Surgery	Soft Tissue and Skin Conditions	Cancer	Unknown lesions	IIa	IIa
Plastic Surgery	Solid Tumours		Benign	III	III
Plastic Surgery	Solid Tumours	Cancer	Malignant	IIa	IIa
Plastic Surgery	Solid Tumours	Cancer	Unknown	IIa	IIa
Plastic Surgery	Trauma (seen in office/clinic)		Tendon injury	IIa	IIa
Plastic Surgery	Trauma (seen in office/clinic)		Facial fractures	IIa	IIa
Plastic Surgery	Trauma (seen in office/clinic)		Hand fractures	IIa	IIa

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
Plastic Surgery	Trauma (seen in office/clinic)		Nerve Injuries: Closed	IIa	IIb
Plastic Surgery	Trauma (seen in office/clinic)		Nerve Injuries: Open	IIa	IIa
Plastic Surgery	Trauma (seen in office/clinic)		Orbital Fractures with entrapment	I	I
Plastic Surgery	Trauma (seen in office/clinic)		Vascular Injury - Replants	I	I
Plastic Surgery	Other		Other - I	I	I
Plastic Surgery	Other		Other - IIa	IIa	IIa
Plastic Surgery	Other		Other - IIb	IIb	IIb
Plastic Surgery	Other		Other - III	III	III
Plastic Surgery	Other		Other - IV	IV	IV

Plastic Surgery	Other		Other - VI	VI	VI
Plastic Surgery	Other	Cancer	Other Cancer - I	I	I
Plastic Surgery	Other	Cancer	Other Cancer - IIa	IIa	IIa
Plastic Surgery	Other	Cancer	Other Cancer - IIb	IIb	IIb
Plastic Surgery	Other	Cancer	Other Cancer - III	III	III
Plastic Surgery	Other	Cancer	Other Cancer - IV	IV	IV
Plastic Surgery	Other	Cancer	Other Cancer - V	V	V
Plastic Surgery	Other	Cancer	Other Cancer - VI	VI	VI
Urology	Genital Anomalies		Acute Scrotum - Testicular Torsion and Infection	I	I
Urology	Genital Anomalies		Ambiguous genitalia	I	VI
Urology	Genital Anomalies		Cryptorchidism: Bilateral & non-palpable in newborn	I	VI
Urology	Genital Anomalies		Cryptorchidism: Bilateral & palpable in newborn	IV	VI
Urology	Genital Anomalies		Cryptorchidism < 1 yr	V	VI
Urology	Genital Anomalies		Cryptorchidism > 1 yr	IV	IV
Urology	Genital Anomalies		Hypospadias < 1 yr	V	VI
Urology	Genital Anomalies		Hypospadias > 1 yr	IV	V
Urology	Genital Anomalies		Micropenis	V	VI
Urology	Genital Anomalies		Paraphimosis	I	I
Urology	Genital Anomalies		Phimosis - Pathological	IV	IV
Urology	Genital Anomalies		Urogenital Sinus Anomalies (newborn)	IIa	VI
Urology	Genital Anomalies		Neonatal Torsion	I	III
Urology	Genital Anomalies		Urethrocutaneous fistula	V	VI
Urology	Genital Anomalies		Chordee	V	VI
Urology	Genital Anomalies		Skin Lesions	V	VI
Urology	Genitourinary Trauma		Circumcision injuries - Acute	I	I
Urology	Genitourinary Trauma		Circumcision complications	V	VI
Urology	Genitourinary Trauma		Renal/Bladder/Ureteric/Urethra	I	I
Urology	Inguinal Pathology (non-malignant)		Inguinal Hernia: < 1 year of age non-incarcerated	IIa	IIb
Urology	Inguinal Pathology (non-malignant)		Inguinal Hernia: > 1 year of age non-incarcerated	III	IV
Urology	Inguinal Pathology (non-malignant)		Inguinal hernia: Both age groups, incarcerated non-reducible	I	I
Urology	Inguinal Pathology (non-malignant)		Hydrocoele	V	V
Urology	Inguinal Pathology (non-malignant)		Varicocele	V	V
Urology	Miscellaneous		Peritoneal dialysis: Acute	I	I
Urology	Miscellaneous		Peritoneal dialysis: Chronic	IIb	III
Urology	Miscellaneous		Renal Transplant - Cadaveric	I	I
Urology	Miscellaneous		Renal Transplant - Living related donor	III	V
Urology	Miscellaneous		Renal vascular hypertension	III	IV
Urology	Miscellaneous		Circumcision - Non medical	VI	VI
Urology	Miscellaneous		Stent removal post pyeloplasty/reimplant		IV
Urology	Renal/Bladder Anomalies		Acute Urinary Retention	I	I
Urology	Renal/Bladder Anomalies		Antenatal hydronephrosis	III	
Urology	Renal/Bladder Anomalies		Multi-cystic dysplastic kidneys	IV	VI

Service Description	Category Description	Sub-category	Diagnosis Description	Wait 1*	Wait 2**
Urology	Renal/Bladder Anomalies		Neonatal posterior urethral valves	I	IIb
Urology	Renal/Bladder Anomalies		Non neonatal Posterior urethral valves	III	III
Urology	Renal/Bladder Anomalies		UPJ /UVJ obstruction/Ectopic Ureter: Asymptomatic	IV	V
Urology	Renal/Bladder Anomalies		UPJ /UVJ obstruction/Ectopic Ureter: Symptomatic	III	IV
Urology	Renal/Bladder Anomalies		Ureterocoloe: Septic (if no response to antibiotics after 48 h)	I	I
Urology	Renal/Bladder Anomalies		Ureterocoloe: Septic (if response to antibiotics after 48 h)	I	III
Urology	Renal/Bladder Anomalies		Ureterocoloe: Asymptomatic	IV	V
Urology	Renal/Bladder Anomalies		Urachal Anomalies	V	V
Urology	Renal/Bladder Anomalies		Prune Belly Syndrome	IIa	VI
Urology	Renal/Bladder Anomalies		Atrophic kidney: Symptomatic	IV	V
Urology	Urethral Anomalies		Urethral Stricture	III	IV
Urology	Urethral Anomalies		Urethral diverticulum	V	VI
Urology	Solid Tumours		Suspected Benign	IIa	IV
Urology	Solid Tumours	Cancer	Suspected Malignant	IIa	IIa
Urology	Urinary Incontinence		Newborn Exstrophy	I	IIa
Urology	Urinary Incontinence		Exstrophy/epispadias - Chronic	V	VI
Urology	Urinary Incontinence		Ectopic Ureter with Incontinence	IV	V
Urology	Urinary Incontinence		Neurogenic bladder: Incontinence	IV	VI
Urology	Urinary Incontinence		Neurogenic bladder: Upper Tract Changes	IV	IV
Urology	Urinary Incontinence		Stomal Revision	IV	IV
Urology	Urinary Tract Calculi		Bladder stones	III	IV
Urology	Urinary Tract Calculi		Renal / ureteric stones: Asymptomatic	III	III
Urology	Urinary Tract Calculi		Renal / ureteric stones: Obstructed (uncontrolled pain)	I	IIa
Urology	Urinary Tract Calculi		Renal / ureteric stones: Obstructed (controlled pain)	IIa	III
Urology	Urinary Tract Calculi		Renal / ureteric stones: Septic	I	I
Urology	Urinary Tract Infection		UTI: Complicated (renal abscess)	I	IIa
Urology	Urinary Tract Infection		Vesicoureteric reflux	IV	V
Urology	Other		Other - I	I	I
Urology	Other		Other - IIa	IIa	IIa
Urology	Other		Other - IIb	IIb	IIb
